

# UKRAINE IMMIGRATION TASK FORCE

About Us and Our Work for Ukrainians Seeking Refuge

## OUR STORY

---

### Our Mission:

The Ukraine Immigration Task Force is a nonprofit organization that helps Ukrainians fleeing war find refuge in the United States. We were founded in March 2022 as a legal coalition to provide displaced Ukrainians, their families, and their support networks timely guidance and practical resources on U.S. immigration processes.

### Our Members and Partners:

Our legal volunteers number almost 150 attorneys who represent a broad spectrum of immigration and related practices. We also have volunteers and nonprofit partners that aid newcomers with social services, resettlement assistance, and social advocacy.
